grottesco absurdus

For a \$1 game, this is stylish, absurd, funny, and shockingly fun. This is about as good as you can get for a budget game. FULL REVIEW: <https://www.youtube.com/watch?v=vDWEIjqIKGc>. Nice little curiosity.. I often did not understand what was happening on the screen and why, but this very absurdity definitely delivered to me. Very good timekiller, in which you can test your reaction, enjoy the madness and plunge into the world of children's fantasies, as was intended by the author.. It's a really **special** collection of mini games, it's cheap and not bad.. Nice little curiosity.
